

Housewarming Gift Baskets

Remember moving into your first apartment or home?
The anticipation and excitement of finally having a space of your own?

You can help people who have spent years living on the streets or in shelters feel that same warmth and excitement as they move into their new home by providing the essential household items we all need to make our house a home.

By creating and donating Housewarming Gift Baskets, you'll be an important part of welcoming people into their new homes and getting them started on their journey to living hopeful, peaceful lives.

Friends of Boston's Homeless

Founded in 1987, Friends of Boston's Homeless supports innovative, solution-oriented programs that help people move beyond shelter to lead peaceful, stable lives in our community.

Boston's Housing First Initiative is ending long-term homelessness by placing people in housing first – immediately removing the chaos of living on the streets and in shelters – and providing them the support they need to rebuild their lives.

Housing People First works! Since 2009, our Housing Start-up Fund has helped over 1,000 people move into safe, dignified housing and get connected to the services they need to rebuild their lives. Today over 90% are in their own homes and have not returned to the streets or shelters.
